July 13, 2017

TBRPC, 4000 Gateway Centre Blvd, Pinellas Park and via GoToMeeting

Minutes

Pinellas County
Local Mitigation Strategy Working Group Meeting
Thursday, January 12, 2017; 1:30 P.M.
Pinellas County Planning Department Office
310 Court Street, Clearwater, FL 33756

1. Welcome and Introductions

Chairperson Renea Vincent welcomed the attendees and the attendees introduced themselves.

2. Approval of Minutes, October 13, 2016

A motion was made to accept the minutes from the October 13, 2016 meeting. The motion was seconded and passed unanimously.

3. Hazard Mitigation Grant Program (HMGP) Presentation. (Holly Swift and James Price, Florida Department of Emergency Management)

Ms. Swift and Mr. Price made a presentation providing an overview of the Hazard Mitigation Grant Program and the County's allocation for Hurricane Hermine. The presentation contained information on who is eligible to apply and a summary of the application process including the required match, allowable projects, the timeline for applying, as well as specific application requirements such as the cost effectiveness review, the required scope of work and budget. Additionally, information was provided on what would disqualify a project. FEMA's Pre-disaster Mitigation and the Flood Mitigation Assistance programs were also discussed. It was also noted that projects that apply for HMGP funds need to be listed on the County's LMS project list in Appendix 9, but new projects can still be after the Working Group submits its annual update to the State, they would just need to be on a project list on file with the State in advance of the May 5th deadline or at the time of application.

4. Approval of Annual LMS Updates (2016) – Appendix 7, 9, 10, 11, & LMS Working Group Roster.

Chris Moore presented the annual updates to appendices 7, 9, 10 and 11 of the Local Mitigation Strategy required per section 27P-22.004 of the Florida Administrative Code. There were no comments regarding Appendix 7. Mr. Moore explained the role of the LMS Scoring Committee reviewing the scoring spreadsheets provided by Working Group members for new projects proposed to be added to Appendix 9. It was explained that the committee was primarily reviewing for consistency among the projects submitted. A total of 78 projects were added to the project list in Appendix 9 compared to 17 last year. Ms. Vincent thanked the Working Group for their participation as it showed everyone is taking mitigation seriously. There were no comments for Appendix 10 or 11, other than a grammatical error in Appendix 11. The Working Group roster additions were provided and it was explained that members could still make updates in advance

of the County sending the updates to the State. A motion was made to approve the 2016 updates. It was seconded and approved unanimously.

5. Confirmation of Proposed 2017 LMS Working Group Meeting Schedule:

- A. 2017 dates proposed previously for LMS meetings were confirmed. The dates are April 13, July 13, October 12 and December 14. All meetings will begin at 1:30 P.M. and be held at the Tampa Bay Regional Planning Council offices.
